08	Plaintiff,	)	CR00-0392-JCC
09	v.	)	
10	JAMIE P. PITMAN,	)	SUMMARY REPORT OF U.S.
11	Defendant.	)	MAGISTRATE JUDGE AS TO
		)	ALLEGED VIOLATIONS
		)	OF SUPERVISED RELEASE

12 An evidentiary hearing on a petition for violation of supervised release in this case was  
13 conducted before the undersigned Magistrate Judge on May 2, 2006. The United States was  
14 represented by Assistant United States Attorney Donald Currie, and the defendant by Mr. Robert  
15 Leen. The proceedings were recorded on cassette tape.

16 On or about November 17, 2000, defendant was sentenced by the Honorable John C.  
17 Coughenour to fifty (50) months of imprisonment and five (5) years of supervised release on  
18 charges of Bank Fraud, in violation of 18 U.S.C. §§ 1344 and 2, and Money Laundering in  
19 violation of 18 U.S.C. §§ 1956 (a)(1)(A)(i) and (a)(1)(B)(i) and 2 in No. CR99-0422C; and for  
20 Using an Unauthorized Access Device in violation of 18 U.S.C. § 1029 (a)(2), and Bank Fraud  
21 in violation of 18 U.S.C. §§ 1344 and 2 in No. CR00-0392C.

22 The conditions of supervised release included the requirements that the defendant comply  
23 with all local, state, and federal laws, not illegally possess a controlled substance, notify the  
24 probation officer at least ten (10) days prior to any change in residence or employment, submit  
25 truthful and complete written reports, participate in substance-abuse treatment programs as  
26 directed, submit to mandatory periodic drug testing as required to determine if defendant has

reverted to use of drugs or alcohol, consent to search, and restitution obligations.

In a Petition for Warrant or Summons and a Violation Report and Request for Warrant, both dated April 3, 2006, U.S. Probation Officer Michael J. Larson asserted the following violations by defendant of the conditions of his supervised release:

(1) Failing to notify the probation officer ten (10) days prior to any change of employment, in violation of standard condition number six.

(2) Failing to submit a truthful and complete written report for the months of January 2004 through December 2005, in violation of standard condition number one.

(3) Failing to participate in substance-abuse treatment as instructed at Recovery Options Northwest, Seattle, Washington, by being terminated from the program, in violation of the special condition requiring that he participate as instructed in a program approved by the probation office for treatment of narcotic addition, drug dependency, or substance abuse, and which may include testing if defendant has reverted to the use of drugs or alcohol.

(4) Failing to report for drug testing on December 8, 2005, December 21, 2005, January 9, 2006, February 16, 2006, March 6, 2006, March 14, 2006, and March 31, 2006, in violation of the special condition requiring he participate as instructed in a program approved by the probation office for treatment of narcotic addition, drug dependency, or substance abuse, and which may include testing to determine if the defendant has reverted to the use of drugs or alcohol

(5) Using marijuana on or before January 30, 2006, in violation of standard condition number seven.

(6) Using nandrolone on or before March 7, 2006, in violation of standard condition number seven.

(7) Using 19-norandrosterone on or before March 7, 2006, in violation of standard condition number seven.

The defendant admitted alleged violations Nos. 1, 2, and 4. An evidentiary hearing took

01 place as to alleged violations Nos. 3, 5, 6, and 7. Joseph H. Wolfe, CDP, the clinical director  
02 of Recovery Options Northwest, U.S. Probation Officer Michael J. Larson, and the defendant  
03 testified at the hearing. Exhibits 1, 8, 9, 10, 11, 12, 13, and 14 were offered by the government  
04 and received into evidence. Exhibits 15 and 16 were offered by the defendant and received into  
05 evidence. The balance of this Report and Recommendation is directed to these alleged  
06 violations.

07 Alleged Violation No. 3. Joseph H. Wolfe, the clinical director of Recovery Options  
08 Northwest, testified that he replaced Mr. Cochran as the defendant's prior treating professional.  
09 The defendant missed an appointment that had been scheduled for January 17, 2006. The  
10 defendant stated that he did not receive notice of the appointment. Nevertheless, Probation  
11 Officer Larson advised the defendant of the missed appointment, and made sure that the  
12 defendant was aware of an appointment scheduled for January 31, 2006. Mr. Pitman arrived and  
13 met Mr. Wolfe on January 31, 2006, as scheduled. The meeting between Mr. Pitman and Mr.  
14 Wolfe lasted between 5 and 10 minutes. Mr. Wolfe believed that Mr. Pitman was not amenable  
15 to treatment, was agitated, and verbally abusive. As a result, Mr. Pitman was terminated from  
16 the program, which is the basis for alleged violation No. 3.

17 Based on the testimony offered, alleged violation No. 3 was not proved. Further  
18 treatment was terminated by Mr. Wolfe, apparently as a result of Mr. Pitman's behavior.  
19 However, it does not appear that Mr. Wolfe was prepared for Mr. Pitman. Mr. Wolfe indicated  
20 he was not able to read all of the handwritten notes of his predecessor, Mr. Cochran, in order to  
21 familiarize himself with Mr. Pitman's background. Mr. Wolfe was not aware of the fact that Mr.  
22 Pitman suffered from ADHD, and had either a mental affect or bipolar diagnosis. While his  
23 voice was raised, apparently this was consistent with prior behavior exhibited by Mr. Pitman  
24 with Mr. Cochran. Mr. Pitman did not physically intimidate Mr. Wolfe, nor stand up during the  
25 interview session. Mr. Pitman was distressed about a change of counselors. It is true that Mr.  
26 Pitman did not like Mr. Wolfe, and did not consider Mr. Wolfe to be as good for him as Mr.

01 Cochran, but the termination in this case, after a 5 to 10 minute session under the circumstances  
02 present, does not establish the violation at issue, particularly when Exs. 15 and 16 indicate that  
03 Mr. Pitman's progress and participation in the Recovery Options Northwest Program with Mr.  
04 Cochran was rated "fair" in November of 2005 (Ex. 16), and rated "good" in late December of  
05 2005 (Ex. 16).

06 Alleged Violation No. 5. Mr. Pitman denies using any marijuana. However, on January  
07 30, 2006, Mr. Pitman was directed to provide a urine sample for analysis ("UA"). The sample  
08 was subjected to a test that provided an immediate presumptive positive result for THC, the  
09 active ingredient in marijuana. The sample was sent for further analysis by Scientific Testing  
10 Laboratories, Inc., in Richmond, Virginia. Further testing confirmed the existence of THC in  
11 the sample, indicating that Mr. Pitman had used marijuana.

12 Mr. Pitman's denials are not credible. I recommend that the Court find the  
13 defendant to have violated his terms and conditions of supervised release as to violation No. 6.

14 Alleged Violations No. 6 and 7. Probation Officer Larson testified that he was concerned  
15 by some physical appearance changes and demeanor changes of Mr. Pitman, possibly indicative  
16 of potential steroid usage. On February 21, 2006, he directed Mr. Pitman to provide another  
17 UA. The UA tested negative for the four pre-screening substances, which would not include  
18 steroids. The sample was sent for steroid testing by Scientific Testing Laboratories, Inc., in  
19 Richmond, Virginia. The test results that came back proved positive for the appearance of the  
20 steroids nandrolone and 19-norandrosterone (Ex. 10).

21 When confronted with these test results, on April 3, 2006, Mr. Pitman admitted that he  
22 had used steroids, stating he had a prescription for Deca-Durabolin, Winstrol, and additional  
23 testosterone substances to alleviate some symptoms associated with spinal damage injury. Mr.  
24 Pitman acknowledged that he did not advise his probation officer that he was using the steroid  
25 substances, but asserted he had a proper prescription for them. The standard terms of his  
26 supervised release do not require that he notify his probation officer of his prescriptions,

01 although his compliance contract (Ex. 12) purports to require him to refrain from taking any  
02 prescription medication "until the doctor prescribing the medication has been advised of my  
03 substance abuse history. Documentation of the doctor's knowledge must be provided to the U.S.  
04 Probation Officer." Ex.12. This contract was signed by Mr. Pitman on October 31, 2005. No  
05 such notice was provided to the probation officer, although there is a form for doing so. Ex. 11.

06 Mr. Pitman obtained a prescription for Winstrol and for Testosterone Suspension from  
07 Dr. Levine on March 1, 2006, and March 15, 2006. Ex. 13. Dr. Levine has previously had his  
08 license to practice medicine suspended, although his license was active at the time he wrote the  
09 prescriptions for Mr. Pitman. Mr. Pitman did not notify his probation officer of the prescriptions  
10 until the meeting on April 3, 2006, when Mr. Larson confronted Mr. Pitman with the positive  
11 indicators for nandrolone and 19-norandrosterone. At that time, Mr. Pitman produced his  
12 prescription forms. He also consented to a search of his house, where additional steroid  
13 substances (Ex. 14, p.1-9), including animal steroid substances, were found. Mr. Pitman testified  
14 that he had some of the human steroid products because of the prescriptions, and that a friend  
15 gave him other steroid products, including the animal steroid products, but was not using them.  
16 He stated he was holding them for the friend, but they were secured in his residence.

17 From the evidence received, it appears that Mr. Pitman obtained a prescription from a  
18 licensed physician, even though there are questions regarding the physician's medical  
19 qualifications. Moreover, the terms of standard condition No. 7, the basis of the alleged  
20 violation, do not require that the Probation Office be notified of any prescriptions, although the  
21 contract purports to do so. Hence, the question as to whether a violation has been committed,  
22 is whether the steroids used and in the possession of Mr. Pitman were prescribed by a licensed  
23 physician.

24 In this case, the steroid UA was conducted on February 21, 2006. Ex. 10. The earliest  
25 prescription that Mr. Pitman was able to produce was dated March 1, 2006. Although Mr.  
26 Pitman has asserted that he had earlier prescriptions, none were introduced. It appears that the

01 prescription was obtained in response to the UA for steroid testing.

02 As a result, I recommend that the Court find that Mr. Pitman violated the terms of his  
03 supervised release relating to violations Nos. 6 and 7 as alleged.

04 I therefore recommend that the Court find the defendant to have violated the terms and  
05 conditions of his supervised release as to violations Nos. 1, 2, and 4 as admitted, and that the  
06 defendant also be found to have violated the terms and conditions of his supervised release as  
07 to violations Nos. 5, 6, and 7. I recommend that the Court find that the defendant did not violate  
08 the terms and conditions of his supervised release as alleged in violation No. 3.

09 A disposition hearing has been set before the Honorable John C. Coughenour on June 9,  
10 2006, at 9 a.m. Pending a final determination by the Court, the defendant has been detained.

11 DATED this 4th day of May, 2006.
